Made in America

**Quanta Max** is the chair that moves with you. The flexible back interacts with your motions for maximum comfort. Quanta Max chairs are stackable and portable. Refine your design with various options for poly or ply chairs and stools.

Designed exclusively for Versteel by Roberto Lucci.

---

For every sale of Quanta Max with **Poly Shell** sold, Versteel makes a contribution to The Common Thread for the Cure, a foundation that supports individuals fighting breast cancer.

Poly shells are injection molded and biocompostable. Steel frame and components contain 95% recycled content. Most Versteel powder coats have a 98% efficiency rate.

Quanta Max **Chairs** with **Poly Shell** and **4-Leg Base** are available on Quickship in any standard powder coat. Up to 100 chairs ship within ten business days of a clean order.

Versteel products are designed to exceed all applicable ANSI/BIFMA standards for safety and performance.
